

JUNYAO (JORDAN) MA

Madison, WI | 608-707-9365 | jordan.analyst.wisc@gmail.com

SUMMARY

Statistics undergraduate with fund-industry quantitative research, financial-operations, and credit-risk screening experience. Applied Python to factor construction, standardization, correlation analysis, and long-short backtesting. Passed SOA Exam P.

EDUCATION

University of Wisconsin–Madison — B.S. Statistics

Expected May 2027

Probability, Linear Algebra, Regression, Time Series, Statistical Computing, Machine Learning

QUANTITATIVE & TECHNICAL SKILLS

Python (pandas, NumPy); R; SQL; Excel (PivotTables, Power Query, lookups, VBA/macros); factor engineering, z-score standardization, correlation/IC analysis, long-short backtesting, data validation, reconciliation, and numerical optimization.

EXPERIENCE

Chuangjin Hexin Fund Management Co., Ltd.

Jun 2026 – Aug 2026

Intern, Quantitative Data Department | Shenzhen, China

- Constructed A-share trading-volume, price, and adjusted-volume factors; standardized factor values and tested correlations with subsequent excess returns.
- Compared alternative factor definitions across multiple return horizons and ranked securities by signal strength.
- Performed long-short portfolio backtests and documented the workflow from factor construction and indicator calculation through selection and performance evaluation.

Industrial and Commercial Bank of China, New York Branch

May 2025 – Jul 2025

Credit Card Operations Analyst Intern | New York, NY

- Validated 2,000+ credit card applications and reconciled source documents with internal systems to identify missing, inconsistent, or high-risk records.
- Screened applicants against internal FICO thresholds and documented exceptions, contributing to a reported 15% improvement in early-stage risk flagging.
- Applied KYC/AML controls and supported transaction monitoring and reconciliation with zero reported compliance findings.

Qulian Technology

May 2024 – Jul 2024

Data Operations Analyst Intern, Energy Data Focus | Hangzhou, China

- Validated 100,000+ monthly energy records from five partner companies, investigated anomalies, and coordinated verified corrections for reporting.

CREDENTIALS & LEADERSHIP

SOA Exam P — Passed; preparing for Exam FM | Chinese National First-Level Golf Athlete | AMC 12 Top 15% and AIME Qualifier
